Re: FOIA Request

To Whom It May Concern,

We are currently representing a client in a suit against Caterpillar, Inc. in Texas for the alleged distribution of faulty truck engines in the State of Texas. Under the Freedom of Information Act, we currently request any non-privileged technical reports, any judicially mandated reports, and any judicial admissions by Caterpillar, Inc. regarding the sale of any vehicles with a C-15 engine associated with any lawsuits filed by the EPA against Caterpillar in the past ten years, including but not limited to those associated with case 1:11-cv-01373-BAH. Additionally, we request any non-privileged reports, correspondence, letters, emails, and communications (whether originating from Caterpillar or the EPA or another source) discussing Caterpillar's compliance with its required investigation into possible emission-related defects for any Model Year 2006 or later engines as required by paragraph 13 of the Consent Decree entered in case 1:11-cv-01373-BAH on September 7, 2011. This request does not include any interagency communications which originated within the EPA and stayed within the EPA. We further request any Statement of Position filed by Caterpillar regarding any informal or formal dispute resolution under the Consent Decree entered in case 1:11-cv-01373-BAH.

If you have any questions regarding this request or require any clarification, please do not hesitate to contact us.

Very Truly Yours,

Ryan Henry
